If you get trained by the best you become the best. Mignon van der Westhuizen is a Clinical Technologist in Pulmonology and a well-known specialist in Spirometry and Pulmonary Function Testing with over 30 years of hands on experience who is offering comprehensive **Spirometry Training Courses** and **Spirometry Refresher Courses** nationwide and in neighbouring countries

Spirometry Course:

The comprehensive 3 day spirometry course is designed for those health professionals who conduct spirometry tests in the occupational and medical setting. The course is appropriate for those with no experience in spirometry as well as for experienced spirometry operators.

The outcome of this course is to generate acceptable and repeatable spirograms according to the ATS/ERS 2005 and SANS451:2008 guidelines.

Spirometry Refresher Course:

The 1 day Spirometry Refresher Course is for successful students who have completed a comprehensive spirometry course. Students who provide a copy of their Spirometry competency certificate dated 1 January 2005 or later may register for the Refresher course. **Students must bring 5 samples of spirometry test from their onsite workplace spirometer to be assessed for quality. Please ensure that subject confidentiality is adhered to on submission of these sample tests**
